## BOUNCED.

The Assembly Fires the Railroad Commissioners.

After Heated Discussion the Vote Stood 60 to 13.

Duckworth Changes His Vote and Moves Reconsideration.

The Shortridge Contempt Case—Yountville Veterans—Tulare Opposed to Division—State Controller's Estimates.

By Telegram to the Times.

SACRAMENTO, Jan. 26.—[Special.] At a meeting of the House Committee on Ways and Means tonight, it was developed that the State Controller's estimates call for \$9,000,000 for the next two years, while the demands thus far for appropriations aggregate about \$15,000,000.

Senate.

SACRAMENTO, Jan. 26.—The Committee on Appropriations reported favorably on the appropriation of \$250,000 for a building for the affiliated branches of the University of California. Adjourned.

Assembly.

SACRAMENTO, Jan. 26.—Mr. Carlson this morning addressed the Assembly Committee on Commerce and Navigation in support of the measure making an appropriation of \$200,000 for a deep-water harbor at San Diego. He said San Diego county had paid to the State in the past thirteen years \$1,126,000 in taxes. For the past forty years many millions more, but had drawn nothing back from the State. He claimed that this measure was as much a matter of justice as a matter of investment. Action was deferred until a full meeting of the committee was held.

Mr. Johnson of Santa Clara, rising to a point of privilege, denounced as untrue in every particular the charge that he had offered to dispose of his vote to the Railroad Commission. He presented a resolution asking for the appointment of a committee of five to investigate the charge. Adopted.

Speaker Gould announced that he had received a communication from Railroad Commissioner Rhea, which he would not present, as he had too much regard for the dignity of the Chair. On motion of Mr. Bulla the House decided that Rhea's letter be read.

Mr. Shanahan's resolution relative to the investigation of the Railroad Commission was taken up. The substitute declaring the offices of the commissioners vacant was read, and Alfred moved its adoption. The roll-call resulted: Yeas 59, nays 15.

After recess the call of the House was ordered. The sergeant-at-arms was ordered to bring in Blakely, Curtis, Miller and Taylor, who had not been excused. The committee substitute for Schlusser's resolution, which substituted the office of the commissioners vacant, was then moved, but amid some excitement consent was given to the members to further discuss the question. At 8:50 p.m., the previous question was moved and the vote stood 60 to 13.

The speakers who discussed the resolution declaring the office of railroad commissioners vacant this afternoon were Duckworth, Adams, Anderson, Lynch, Price, Seligman and Miller against the measure, holding chiefly that it was not just to take such action without giving the accused a hearing, and O'Keefe, Thomas of Santa Clara, Kennedy, Bulla, Vann, Alford, Dodge and Taylor in favor of the resolution. On roll call on the final passage of the resolution only Anderson, Barker, Hart, Bennett of Santa Clara, Blakely, Carlson, Duckworth, Lynch, Miller, Owen, Perkins, Raw and Standart voted against it. Mr. Shanahan moved that the resolution be sent immediately to the Senate, but Mr. Duckworth's motion to reconsider was defeated.

The vote on the final passage was yeas 60, nays 13, absentees 7. Duckworth changed his vote from no to aye in order to move for reconsideration, making the vote 61 to 12.

Petitions were presented from citizens of Tulare county protesting against the division of that county.

The Ways and Means Committee reported a number of measures favorably. Duckworth introduced a resolution—out of order—giving Bretz the privilege of being heard by counsel of his choice at the bar of the House.

At a meeting of the Joint Committee on Irrigation tonight Carlson's bill relative to the disorganization of irrigation districts was on motion of Assemblyman Mordecai of Fresno, and Attorney Waters, representing San Joaquin land owners, amended so that disorganization may be effected by fifty petitioners or by a majority of the district, providing that the question of disorganization shall not be submitted to the people oftener than once in a year. Proceeds of sale of district property to revert to property owners.

The Assembly Committee on County Boundaries heard arguments tonight by Dr. Gregory and Mr. Wright of San Jacinto and Assemblyman Barker in favor of the Riverside county proposition.

The Joint Committee on Elections was addressed tonight by Max Popper in support of modifications to the Australian ballot law adopted by the Non-Partisan Election Board in San Francisco. Messrs. Hoffman, Swift and others offered amendments, which he incorporated in a new bill for further discussion.

The report of the Bretz Investigating Committee was made a special order for Monday afternoon.

Shortage of Contempt Cases.

SAN FRANCISCO, Jan. 26.—The Supreme Court today granted a writ of review in the case of Charles M. Shortridge, editor of the San José Mercury, who was convicted of contempt of court by Judge Lorigan. The Mercury published testimony in a divorce case contrary to the order of the court, and Shortridge was fined \$100 for contempt.

YOUNTVILLE VETERANS.

Franchise Not Forfeited Because Inmates of the Institution.

NAPA, Jan. 26.—[By the Associated Press.] Today, in the Superior Court, Judge Buckley rendered an important decision in the election contest case of Stewart vs. Kyser. The contestant held that inmates of the Yountville Veterans' Home are not legal voters, for the reason that said institution is supported in part and is controlled by the State; that the inmates thereof do not acquire residence in that precinct, because they are subject to the rules and regulations of the institution, and, if disobedient, are liable to be sent therefrom.

The Judge held, with the attorneys for the defense, that every man must have residence somewhere, and that the veterans said they went to Yountville Home intending to live and die there, and, therefore, such intention constitutes residence.

GOING BY DEFAULT.

The San Antonio County Divisionists Have Things Their Own Way.

SACRAMENTO, Jan. 26.—[Special.] The San Antonio county divisionists appeared before the Senate Committee this morning. Messrs. Stein and Assemblyman Andrews of Pomona, and Editor Clark of Ontario, argued in favor of the new county, and strange to say, no opposition has yet shown itself. So far the Pomonites have had it all their own way. Their hearings have been characterized by orderly and decorous conduct, in striking contrast to the Riverside rattle.

RAILROADS RATTLED.

Agents Argue Against Relegating Commissioners to Private Life.

SACRAMENTO, Jan. 26.—The Senate Committee on Constitutional Amendments heard arguments of the representatives of the various roads tonight against the proposed amendment abolishing the Railroad Commission and giving the Legislature the power to fix rates and fares.

STEAMER MICHIGAN.

Report of the Captain Stating How the Wreck Occurred.

PORT TOWNSEND (Wash.), Jan. 26.—[By the Associated Press.] Capt. Graves of the wrecked steamer Michigan has forwarded an official account of the disaster to this city. He says the ship struck the rocks in a heavy sea on Saturday night. A dense fog prevailed that day and he lost his bearings. As soon as the roar of the breakers was heard he slowed down, but in another moment he was upon the rocks. The seas quenched the fires in the funnels, and it became bitterly cold. The ship pitched and rolled all night, and early on Sunday morning Seaman Simmons leaped overboard and swam ashore with a line on which a basket was rigged and the passengers and crew were landed. None of the cargo could be landed, and very few provisions were taken ashore. A heavy rainstorm prevailed. On Monday morning First Officer Marshall took the starboard boat and proceeded to Neah Bay for assistance. Capt. Graves is of the opinion that the vessel and cargo are not insured.

Mexico Wants Three Bandits.

WASHINGTON, Jan. 26.—The War Department this afternoon received a dispatch from Gen. Wheaton, commanding the Department of Texas, stating that the Mexican government has instituted proceedings for the extradition of three bandit leaders, arrested by United States troops on the charge of violating the neutrality laws. The dispatch was sent to the Secretary of State, who will cooperate with the Mexican government in securing speedy action in the case.

Restaurant Burned.

SANTA MONICA, Jan. 26.—The Franco-Italian restaurant and saloon belonging to G. Scott of this place and A. Mercadante of Los Angeles was burned this morning at 8 o'clock. The fire was very mysterious, as no person was stopping on the premises the night of the fire. The loss is estimated at \$150,000; insured through a Los Angeles agency for \$200,000.

A Disabled Volunteer Sold.

SANTA MONICA, Jan. 26.—An old veteran named Pat Mahoney, an inmate of the Pacific Branch of the National Home for Disabled Volunteer Soldiers, near this place, was yesterday ordered by the Governor to the guard-house for an infraction of the rules. In the evening he was taken to his supper and afterward again locked up. A short time afterward the guard on duty heard a noise, and, on investigation, found that he had cut his throat from ear to ear, dying almost instantly.

Still Prohibited.

WASHINGTON, Jan. 26.—The Secretary of State has received notice from Consul-General Wallace at Melbourne that the prohibition of the importation of horses from California into New South Wales and South Australia is still in force, but that local official action has been taken on the request of the United States Government that the prohibition be removed.

A New Reservation.

WASHINGTON, Jan. 26.—Senator Squire had an interview today with the Secretary of the Interior on the subject of a Mount. Kanier forest reserve in the State of Washington. A proclamation creating a reservation will probably be issued by the President tomorrow.

Nominations.

WASHINGTON, Jan. 26.—The President today made the following nominations: Alexander C. Bishop, to be Judge of the Probate Court in Weber county, Utah; Frank H. Rahn, to be postmaster at Woodland, Cal.

ROME, Jan. 26.—The name of ex-Premier Minister Crispi has been mixed up in the scandal growing out of the irregularities in the Bank of Rome, which led to the arrest of the governor and cashier of that concern. The public is on the qui vive for further developments.

ELOQUENTLY DEFENDED.

Barboux's Address in Behalf of the Panama Canal Officials.

PARIS, Jan. 26.—[By Cable and Associated Press.] Barboux concluded the address in behalf of the accused Panama Canal officials. In eloquent scathing language he denounced the blackmail and corruption so terribly and palpably rife in connection with the Panama enterprise. He caused a sensation by an unexpected and withering attack on ex-Minister Floquet.

"Why," exclaimed Barboux, vehemently, "has not the former Minister who had hitherto advocated causing a sensation among his hearers, who were mostly orthodox merchants and bankers, Barbox deliberately paused as if to let the shaft which he had aimed quiver in the minds of his listeners. Then, resuming, he spoke in scathing language of the men who had chiefly profited by the Panama Company's lavish expenditures. He referred to Reinach's relations with high officials of Paris, of the intimacy of Herz with leading personages in the official world, and closed with a tribute to the lofty reputation of Ferdinand de Lesseps, and a touching appeal in behalf of his clients."

Barbox was followed by M. Dubuit, who spoke on behalf of Marius Fontaine and demanded the acquittal of his client. The court then adjourned until Tuesday.

BANK OF ROME SCANDAL.

Charged That It Supplied the Government With Large Sums of Money.

ROME, Jan. 26.—[By Cable and Associated Press.] The Chamber of Deputies this evening was crowded with people anxious to hear the official statement regarding the bank scandal. Signor Giovanni Giolitti, President of the Council and Minister of the Interior, said the excess of the Bank of Rome's note issue amounted to 65,000,000 lire. He believed that the amalgamation issue of the banks for which the government had arranged would suffice to guarantee the circulation of the Bank of Rome's notes, and he promised a bill dealing with the position of the issue by banks would be introduced in Parliament. A demand for a Parliamentary inquiry into the scandals he could not accede to, he said, as such inquiry would be a reproach to the Cabinet, which never yet flinched in the discharge of its duties.

The Marquis di Rudini, ex-Premier, declared that an investigation of the scandals was imperatively necessary. A number of prominent men, including ex-ministers, deputies and journalists, were openly charged with having received money from the Bank of Rome for years. A judicial inquiry, it was said, would have shown that the Bank of Rome had supplied the Ministry with a large amount of money in the last election. The failure of the Bank of Rome will, it is charged, cause the collapse of several other institutions, notably the Banca Industriale. Signor Tullio, president of the Bank of Rome, refused to answer any questions at present, but promises to reveal everything before the judges.

FRENCH APPROPRIATIONS.

Deputies Indulge in Recriminations Over the Panama Scandal.

PARIS, Jan. 26.—[By Cable and Associated Press.] The discussion on the budget was continued in the Chamber of Deputies today. When the appropriations for the Ministry of the Interior were reached, Millereux, Flouriens and several others severely criticized the course of the government regarding newspaper correspondents, and argued that such places should be charged to the Ministry of the Interior.

La Provost de Launay, who followed M. Ribot, began an attack upon the government's position toward the Panama scandal. The confusion which began during De Launay's speech became a warfare, when Paul Deschanel deprecated the recitation upon the government's intentions, and turning to Jules De La Haye demanded he now name the 150 deputies who he described as recipients of Panama bribes. De La Haye replied: "Most of you know who they are. 'Name them.' Name them!" came from all sides. "I am not here to name them," answered De La Haye. "It is for the law to discover the names." M. Bourgeois, Minister of Justice, replied to De La Haye's accusation at length. He regretted, he said, to hear De La Haye again repeat such charges without giving any proofs of their truth.

M. Ribot addressed himself to De La Haye's charges and made a final appeal for a secret service fund. In conclusion M. Ribot earnestly exhorted the deputies to trust the government to vote the secret service fund and save the French people from agitation which would shake the republic. The fund was voted by 363 deputies against 182, and the entire budget of the Ministry of the Interior was then approved.

When McKinnin was called, Beatty turned pale in his chair, his face flushed and trembled. As McKinnin gave his testimony in a clear voice and practiced by a lawyer, Beatty's face grew more and more ashen.

Gold Exports.

New York, Jan. 26.—Three million to four million dollars' worth of gold will be exported next Saturday.

AN ASSURED FACT.

North American Navigation Company's Contract With the Panama Railroad.

SAN FRANCISCO, Jan. 26.—[By the Associated Press.] All the directors of the North American Navigation Company have examined the contract just executed with the Panama Railroad Company, and have pronounced it all that could be desired.

It gives us all we ask for and a little more," said one of the gentlemen today. The directors will meet today and formally ratify the agreement.

The subscriptions for \$100,000 for a guaranty fund, desired by the navigation company, are coming in so fast that the company figures as a possible obstacle. Less than \$30,000 remain to be subscribed.

NEBRASKA BANK FAILURE.

President Mosher Indicted by the Grand Jury on Three Charges.

LINCOLN (Nebr.), Jan. 26.—[By the Associated Press.] The failure of the Capital National Bank took a new phase today, inasmuch as it was made the subject of official investigation by the federal grand jury now in session.

The rumor that President Mosher went before the grand jury yesterday was confirmed today. The grand jury returned several indictments, and District Attorney Baker tonight admitted three against Mosher.

It was stated that he was indicted since he was charged with a possible violation of the federal bank laws. It is impossible to ascertain what the indictments cover.

The Pastors' Little Lamps.

New York, Jan. 26.—A conference of representatives from several boards of foreign missions in the United States was held today to take action looking to the release of Chinese under the Exclusion Act. Rev. Dr. Moorehouse presided.

After an informal discussion of the gear bill, which was unanimously characterized as "the most outrageous regulation ever imposed by a civilized community on peaceable people within its borders," a committee was appointed to go to Washington to secure the influence of members of Congress to advocate the repeal of the obnoxious clauses in the law.

Sheddy's Statement Denied.

New York, Jan. 26.—W. A. Brady, Jim Corbett's manager, when shown Pat Shedd's statement that Corbett put up money against himself in the Sullivan fight, said: "I will bet him \$50,000 Corbett did not bet a cent on John L. Sullivan. When Corbett left Sullivan to go to New Orleans all the money he had in the world was \$1200. He wanted to bet that amount on himself against Sullivan, and I had all I could do to prevent him from doing so. I showed him that if he lost he would be penniless, while he won he would have a small fortune. He took this bet. He kept the money in his pocket."

Philadelphia and Reading Consolidation.

WILLIAMSBURG (Pa.), Jan. 26.—The first judicial decision in the Philadelphia and Reading consolidation case was rendered here late this afternoon by presiding Judge Metzger of Lycoming County Court. The opinion of the court is a voluminous document covering all the great mass of testimony, and deciding every point in favor of the defendant companies. The decision will be followed by an appeal to the Supreme Court.

BISHOP BROOKS' FUNERAL.

Fifteen Thousand People Unable to Obtain Entrance to the Church.

BOSTON, Jan. 26.—[By the Associated Press.] With the impressive funeral services of the Episcopal Church the remains of the late Bishop Phillips Brooks were today laid to rest in Auburn Cemetery. From 8 to 11 this morning the remains lay in state under a catafalque in the vestibule of Trinity Church. A guard of members of the Loyal Legion, of which the dead bishop was an honorary member, kept vigil on either side of the black casket, while a throng of people passed continuously through the vestibule to take a last look at the familiar features of the dead prelate.

When the body reached the church the doors were thrown open, but only those for whom seats were reserved were admitted. They included Gov. Russell and other State officials, the president and the members of Harvard University, clergy of other denominations and the members of Trinity congregation. The church was decorated with laurel and evergreen, with a cross of Easter lilies.

The services opened with the hymn "Venerable, Lover of My Soul," the congregation rising as the body was borne in upon the shoulders of eight Harvard students, the procession headed by five bishops. Bishop Potter read the burial service. No eulogy was pronounced. The body was followed to the cemetery by a long funeral cortege. Over fifteen thousand people were unable to gain admission to the church, and extra services were held in the Frost Baptist and New Old South churches.

## WISCONSIN'S NEW SENATOR.

How Col. Mitchell Carried Off the Senatorial Plunder.

MADISON (Wis.), Jan. 26.—[By the Associated Press.] Gen. Edward S. Bragg was this afternoon defeated in the fight for a seat in the Senate of the United States by Col. John L. Mitchell.

The explanation of Mitchell's success is that Col. Knight, who from the beginning, had from eighteen to twenty followers, this morning released the latter, but from obligation to him, having evidently decided his own cause was hopeless, and enough then went to Mitchell to give him victory. The first ballot in the caucus today settled the matter. It stood: Mitchell, 46; Bragg, 32; Knight, 1; total, 79. Sampson, one of the Bragg voters, was the only non-unionist in the caucus, and it was done amid great applause. The formal election will occur at noon tomorrow. The city is wild with excitement tonight.

WYOMING BALLOTS.

Predicted That a Dark Horse Will Get Away With the Stakes.

CREYENNE (Wyo.), Jan. 26.—[By the Associated Press.] The feature in the Senatorial balloting today was a complicated vote received by Mrs. Mary T. Bartlett. She is the first woman, it is said, who ever received a vote in a State Legislature for United States Senator.

Five Populists cast their votes for her. Senator Warren was again placed on the active list and received thirteen votes. The next highest vote polled was by A. L. New, Democrat, who received eleven, the remainder scattering as much as at any previous balloting, and the Legislature adjourned after the first ballot was taken. It is considered here that the leading candidate has not been elected, and that probably will not be till next week. His name is George W. Baxter, whose friends are being restrained for a grand final onslaught, when they will make a spurt and carry off the stakes.

Carlin's Successor.

FRANKFORT (Ky.), Jan. 26.—The Republican caucus tonight nominated Hon. A. E. Wilson of Louisville for Senator to succeed Carlin.

Gold Exports.

New York, Jan. 26.—Three million to four million dollars' worth of gold will be exported next Saturday.

AN ASSURED FACT.

North American Navigation Company's Contract With the Panama Railroad.

SAN FRANCISCO, Jan. 26.—[By the Associated Press.] All the directors of the North American Navigation Company have examined the contract just executed with the Panama Railroad Company, and have pronounced it all that could be desired.

It gives us all we ask for and a little more," said one of the gentlemen today. The directors will meet today and formally ratify the agreement.

The subscriptions for \$100,000 for a guaranty fund, desired by the navigation company, are coming in so fast that the company figures as a possible obstacle. Less than \$30,000 remain to be subscribed.

NEBRASKA BANK FAILURE.

President Mosher Indicted by the Grand Jury on Three Charges.

LINCOLN (Nebr.), Jan. 26.—[By the Associated Press.] The failure of the Capital National Bank took a new phase today, inasmuch as it was made the subject of official investigation by the federal grand jury now in session.

The rumor that President Mosher went before the grand jury yesterday was confirmed today. The grand jury returned several indictments, and District Attorney Baker tonight admitted three against Mosher.

It was stated that he was indicted since he was charged with a possible violation of the federal bank laws. It is impossible to ascertain what the indictments cover.

The Pastors' Little Lamps.

New York, Jan. 26.—A conference of representatives from several boards of foreign missions in the United States was held today to take action looking to the release of Chinese under the Exclusion Act. Rev. Dr. Moorehouse presided.

After an informal discussion of the gear bill, which was unanimously characterized as "the most outrageous regulation ever imposed by a civilized community on peaceable people within its borders," a committee was appointed to go to Washington to secure the influence of members of Congress to advocate the repeal of the obnoxious clauses in the law.

Sheddy's Statement Denied.

New York, Jan. 26.—W. A. Brady, Jim Corbett's manager, when shown Pat Shedd's statement that Corbett put up money against himself in the Sullivan fight, said: "I will bet him \$50,000 Corbett did not bet a cent on John L. Sullivan. When Corbett left Sullivan to go to New Orleans all the money he had in the world was \$1200. He wanted to bet that amount on himself against Sullivan, and I had all I could do to prevent him from doing so. I showed him that if he lost he would be penniless, while he won he would have a small fortune. He took this bet. He kept the money in his pocket."

Philadelphia and Reading Consolidation.

WILLIAMSBURG (Pa.), Jan. 26.—The first judicial decision in the Philadelphia and Reading consolidation case was rendered here late this afternoon by presiding Judge Metzger of Lycoming County Court. The opinion of the court is a voluminous document covering all the great mass of testimony, and deciding every point in favor of the defendant companies. The decision will be followed by an appeal to the Supreme Court.

## SECRET CONTRACT.

How Pacific Mail and Transcontinental Work Fares and Freight.

New York, Jan. 26.—[By the Associated Press.] The Evening Post claims to have discovered the "secret contract" under which it holds that the Pacific Mail Company is directed in its operations by the Missouri Pacific and other roads of the Transcontinental Association.

The contract, according to James Smith on behalf of the Transcontinental Association and George J. Gould on behalf of the Pacific Mail Company.

The whole meaning of the contract is shown in sec. 3, which, quoted, is to the effect that the Transcontinental Association shall, through its agents, have the entire and exclusive control over all through business of the Pacific Mail between New York and San Francisco, each way, and that no through freight or passengers shall be taken except at prices to be fixed by the Transcontinental and by its consent.

Cleveland in New York.

New York, Jan. 26.—President-elect Cleveland ran up to this city this morning from Lakewood, N. J., to look after his law business. To persistent questioning in regard to the make-up of his Cabinet, he steadily declined to give any information, saying it was yet too early to say anything.

Cleveland, the Alpha and Omega.

New York, Jan. 26.—President-elect Cleveland was initiated into the Sigma Chi College Fraternity, but the elaborate ritualistic ceremony in which the Greek letter college societies usually indulge, were, it is said, omitted.

No Hope.

New York, Jan. 26.—All hope for the safety of the steamship Donat, which left this port December 10 for Lisbon, is abandoned. E. J. Williams was master of the vessel, and she carried a crew of thirty-three men.

Only Took Five Rounds.

PORTLAND (Or.), Jan. 26.—Billy Keogh, formerly of Nevada, and Dan Daly of Colorado, heavyweights, met in a finish fight at the Pastime Club tonight for a purse of \$1250. Keogh won in the fifth round.

Sale of Trotting Stock.

New York, Jan. 26.—The sale of trotting stock was continued today. Some choice ones brought good prices, but the majority of them went cheap.

G. A. R. EN CAMPMENT.

Meeting of the General Committee on Arrangements.

The Reception Committee Agreed Upon and the Outlining for the Programme for the Entertainment of Guests Arranged.

The General Committee of the G. A. R. of Southern California, which includes all posts south of Tehachapi Pass, met in adjourned session last night to hear the reports of the numerous committees that have been at work in arranging for the Department En-campment, to be held in this city March 20 to 24 inclusive.

The committee to arrange for the reception of the guests submitted a report, which was adopted, which arranged that all the post commanders of the G. A. R. of Southern California should attend at the arrival of all incoming trains on Monday, March 20, to receive and escort all comrades to their quarters.

The ladies of the relief corps, it was understood, would arrange to have delegations on hand in connection with the encampment. The ladies will take charge of visiting delegates from the relief corps and Ladies of the G. A. R., the latter organization, which is quite strong in Northern California and Nevada, having signified their intention of sending from seventy-five to one hundred members.

The Committee on Programme submitted a report which was adopted, subject to such changes in the details as might later be found expedient, as follows:

Monday Morning: Music. Welcome by the Mayor. Reception of delegates to the members of the G. A. R., some comrades. Address of welcome to the women's relief corps and Ladies of the G. A. R., some ladies. Replies by the Department Commander and Department President. Replies by delegates from visiting ladies.

Evening: Reception exercises to be arranged by the ladies.

Tuesday Morning: Joint entertainment of visitors by posts and relief corps of Southern California.

Wednesday Morning: Grand review in full uniform on parade by the Department Commander.

Evening: Camp fire.

Thursday: Excursion to the Soldiers' Home, by invitation of officials of that institution. Visit to Santa Monica.

Friday: Excursion to the State-shape track, stopping off at Riverside by invitation of the local G. A. R. for a dinner and a dance through the orange groves.

The Committee on Transportation reported that all railroads within the Pacific Coast department, comprising the States of California and Nevada, had granted rates of one and one-third fare for the round trip, good for the week and subsequent time for transfer back way, while all roads radiating from Los Angeles had granted excursion rates of one fare for the round trip to any point in Southern California during the encampment.

Headquarters will be established today at 1244 South Spring street, upstairs, where the chairman of the General Committee may be found at all hours.

Macabees Installation.

The installation of officers of Los Angeles Test No. 3, Knights of the Macabees took place at Masonic hall on Wednesday evening, January 25.

The following were installed: Charles H. White, Commander; Sherman Smith, L. K.; Tom F. Smith, R. K.; E. M. Guthrie, F. K.; W. H. Dukeman and William Dodge, Physicians; C. P. Dorland, Chaplain; C. H. Walter, Sergeant; H. E. Bridges, M. A.; E. E. Collins, First M. of G.; E. E. Pierce, Second M. of G.; M. E. Lawrence, Sentinel; S. J. Jacobson, Pitker.

James Knight, Walter B. Moore, in a neat speech, presented Commander Charles H. White with a handsome gold-headed cane as a gift from the retiring officers.

J. Jojo Again in Trouble.

Willie Mendoza, better known as "Jojo," the Mexican youth of dwarfed intellect, who has been for several years a familiar character about town, was yesterday again before the Police Court, this time on a charge of drunkenness. He was fined \$2 and sent to jail to serve it out, as he has no money.

Three Rich Strikes in Mineral Lately Made.

Land Being Taken Up at the Rate of 15,000 Acres a Week—Arizona Wild Animals for Exhibition—The Press and Official File.

Special Correspondence of The Times.

TUCSON, Jan. 24.—Three rich strikes in mineral have been made in Southern Arizona lately. Of greatest importance is the Mowry, a good old staple property that has yielded millions. Here the miners were astonished at their rich find. Another find was in gold, thirty miles from the Mammoth. It is told to be extraordinarily rich. Philip Patton, in from the San Pedro, says that a strike made recently near Redding by an old Mexican prospector is causing much excitement. The latter was out driving some cattle, and his path, which has been traveled over by thousands of prospectors and cattle men before, led close by a great ledge which, it appears, had never been tested. He broke off a piece of the rock, found it promising, located the claim and has begun to work it. Already it goes \$800 at five feet, and is fine, heavy ore.

A water notice was filed this morning with Recorder Shibley by W. A. Hart for 12,000 inches for irrigation purposes. It is for all waters below the surface.

Says the Journal Miner: "The Los Angeles Times devotes a column nearly every day to being a compilation of the news from every portion of the Territory. The Times is the best paper published on the Pacific Coast outside of San Francisco, and the interest it is manifesting in this Territory should be appreciated by Arizonans generally."

Sonora oranges are very inferior in quality this year. The reason has not been explained satisfactorily yet by any one.

The press of the Southwest goes in for everything in sight. In Arizona the office is seeking a newspaper man, L. C. Hughes, editor of "The Star" and "The Herald," is mentioned in the press of the Southwest. Hughes is doing a little commenting himself. Editorially today he said: "Better have a black eye than a black heart." He also republishes entire the offending articles.

The Antelope mill started up today. It will be run twelve hours a day for a few days, after which it will be run nights as well. The company has 6000 tons of lumber in the mill.

# BUSINESS.

## FINANCIAL AND COMMERCIAL.

**OFFICE OF THE TIMES.**  
**LOS ANGELES, Jan. 26, 1893.**  
 Advice from San Francisco state that Los Angeles tomatoes are in light supply and prices are marked up. Potatoes continue steady, onions scarce and higher. Mexican limes are firmly held on light receipts, and are California lemons. Bananas are scarce and of poor quality. Dairy products are flat.

**New York Stocks.**  
 New York, Jan. 26.—Considerably over one-half of the business in stocks today was in two industries, Sugar and Distillers. There was comparatively large transactions in Reading, but in nothing else that could be called real activity. In the morning buying orders for Sugar were plentiful, the selling extremely urgent and the price driven down to 12 1/2. There was considerable selling in Distillers for Washington account, and the drive at that stock was as vicious as against Sugar, and it went down to 46, the lowest price reached on the decline. Then followed comparative dullness with steady appreciating prices, followed by a renewal of excitement, which carried Sugar from 12 1/2 to 12 3/4, and Distillers from 46 to 49 1/2. The latter afterward retired 1/2, closing with a loss of 1/2 per cent. Sugar closed at 12 3/4, with a gain of 1/2. Other industrial stocks followed the lead of the two principal stocks, but without marked fluctuations.

Railroad stocks, as a rule, were quiet, and refused to yield to weakness. Specialties displayed stubborn strength, with comparatively narrow limits. Railroad bonds were largely traded in at improving prices. Stocks closed active and firm to strong, at about the top figures.

Government bonds closed dull and firm. New York, Jan. 26.—Money—On call, easy; closing offered at 3 per cent.

**PRIME MERCANTILE PAPER.**—4 1/2 per cent.

**STERLING EXCHANGE.**—Quiet but steady; 60-day bills, 4.88; demand, 4.87.

**SAN FRANCISCO MARKETS.**

San Francisco, Jan. 26.—[Special to THE TIMES.] The vegetable market was quiet and unchanged this morning, with the exception of onions, which are higher. Good onions are scarce, and even common ones are in demand at good prices. The potato market is steady, with receipts of 553 sacks. Los Angeles potatoes are in light supply and prices are marked up. Peas are plentiful and cheaper. Mushrooms are fairly held.

The fruit market is very dull, and prices favor buyers in all lines. Mexican limes are firmly held on light receipts, and are California lemons. A few strawberries came in, but sales were slow at 25 cents per box. The stocks of bananas on hand are low and poor.

The market for dairy produce is steady, with prices weak for all kinds of butter.

and a poor demand for all packed grades. Store eggs are fairly active, but ranch eggs more of steady. Cheese holds steady at quotations.

The supply of California poultry is limited and prices are shaded under light demand. Game is in light supply and prices are firmer for ducks.

## PASADENA.

## What is Going on in the Arroyo Seco.

Mr. Scoville is carrying out his Park Project—A Quiet Day in Town—Personal Notes and Brevities.

It is not out of place to occasionally call the attention of the public mind to the fact that J. W. Scoville is transforming the bed of the arroyo west of town, together with the hillsides round about, into a beautiful park. Indeed, the work is progressing so rapidly that it is almost to keep pace with it, and while the park at present only hints at its possibilities for the next year, it already constitutes one of the noteworthy attractions of Pasadena.

The new approach to the park is a road which runs from Colorado court south of the Valley Hunt clubhouse, and winds down the hill at an easy grade zigzag fashion through the midst of a thriving young orange orchard, until it reaches the main drive a short distance above the bridge. This road is bordered by a solid stretch of masonry. From it one may enjoy a view of the entire park, the splendid dam built on bed rock has effected its chief purpose, and today a beautiful lake appears which a few years ago was nothing more than a barren wash of a scorching torrent.

The water is kept within proper bounds by stone walls constructed in the most approved fashion, and with a solid view to solidity. Near by are several fish ponds, also encompassed by solid bulwarks of stone. These, however, are not yet stocked with fish. West of the fish ponds is the deer park, which extends up the hillside a distance, and which has been enclosed by a high wire fence. Just north of the deer park a handsome cobbleside barn has been erected. From the hillside a little road winds up the hillside by an easy grade to the summit, from which a commanding view of the entire valley is obtained. Here a large number of people are now levelling. The summit already presents many square feet of flat surface, and the work still goes on, but just for what purpose, no one knows. Scoville knows, secret this Mr. Scoville has succeeded in keeping to himself, and although many guesses have been volunteered, no one probably besides Mr. Scoville knows the what purpose this splendid site is to be devoted.

The stone pump-house with its valuable equipment of machinery, with the force the water to the top of the hill, the headquarters of the gun club on the opposite side of the stream, and the many other attractions of the place, all have been previously described in these columns. It is not many years before this park and its philanthropic projector have as wide a reputation as Pasadena itself.

Much interest is being manifested in musical circles on the concert which is to be given this evening at the Universalist Church by the choir, composed of Miss Lizzy Kimball, Mrs. Clara B. Green, M. E. Wood and O. W. Kyle, assisted by the Euterpean male quartet of Los Angeles and Mrs. Alice Freeman Wall, pianist.

The following programme has been arranged: Piano solo, selected—Mrs. Wall. "Happy Land" (Hatten)—Quartette. "May Song" (Frans)—Choir. "Star of Love" (Hatten)—Quartette. Solo, "Serenade" (Herbert)—Miss Kimball. Selection—Quartette. Solo, "The Mighty Deep" (Jude)—Mr. Kyle. "Ave Maria" (Aht)—Miss Kimball and Quartette. "Farewell to the Forest"—Choir. "The Mill" (Macy)—Quartette. Seats are on sale at Suesserott's.

W.C.T.U. RECEPTION.

A large number of ladies and gentlemen were present at the Methodist Episcopal Church parlor Wednesday afternoon on the occasion of the reception of the W.C.T.U. to Mrs. Bullock, Mrs. Bailey and Mrs. Gov. Beveridge. Mrs. St. John was kept away by illness. The rooms were beautifully decorated with flowers. The occasion, the work having been done under the direction of Mrs. S. J. Allen. Several short addresses were made, which were much enjoyed by the audience. A number of Los Angeles ladies were present and added to the interest of the afternoon. At the conclusion of the reception each of the three distinguished guests was presented with a bouquet of choice roses which were much admired.

Dr. I. S. P. Lord, whose residence is in the arroyo southwest of town, had an unfortunate fall a few days ago, which resulted in the breaking of his ribs. Dr. Lord is in the eighty-seventh year of his age, which fact renders the accident much more serious than it otherwise would be. Dr. Hodge, who is attending him, however, expresses the belief that the patient is on a fair way to recovery. Dr. Lord is the father of Mrs. S. Stevens, and in his younger days he was a physician of wide reputation. His friends will be sorry to learn of this misfortune that has befallen him so late in life.

POMONA.

Two-story frame dwelling burned—

Worthless Appleton Stock.

The two-story frame dwelling of E. G. Parker was burned to the ground yesterday morning about 8 o'clock. The house is situated in the San Antonio tract, about one mile east of the city limits on Fifth street. The family had just finished breakfast, when Mr. Parker stepped out of the door, and noticed smoke coming from the roof. An investigation showed that the fire originated in the second story, presumably from a defective fire. The water supply was short, and the house was an easy prey to the flames. The house was saved, but the house was totally destroyed. It was insured in the Western Insurance Company for \$10,000, but Mr. Parker says it was worth \$15,000. The house was completely ruined about a year ago.

A lot of about three thousand young apple trees was received in Pomona Tuesday which shows great carelessness on the part of somebody, and the matter should be investigated. They were shipped from between the mountains, and the trees are simply worthless, as they have a disease commonly known as "root knot," and the inspector ordered them burned. They had been shipped from the mountains, and the trees are simply worthless, as they have a disease commonly known as "root knot," and the inspector ordered them burned.

The rain began to fall in this city yesterday about noon, and came down at intervals during the afternoon. The precipitation was about .05 inch, but the prospects were good for a downpour.

Alba Heywood and his company gave a very pleasing performance Wednesday evening at the Pomona theatre. The house was filled and the people well pleased.

Rev. J. W. Sprague, pastor of the Unitarian Church of this city, has received a call to become pastor of the Second Unitarian Church of San Francisco, made vacant by the resignation of Rev. Thomas Van Ness, who goes to Boston to take charge of the historic church in which Emerson formerly preached. The people will be glad to know of this move, as Mr. Sprague has decided to remain, as the church has grown very rapidly under the pastorate of Mr. and Mrs. Sprague.

## SAN BERNARDINO COUNTY.

## Tramps to Be Given a Chance to Leave the County.

Novel Plan of the Supervisors to Put a Stop to a Growing Abuse—A Fight Which May Result Fatally.

SAN BERNARDINO.

Complaint has come from all sections to the effect that vagrants and break-beam tourists, discharged from the county jail after having served the sentence there at once re-arrested by the constable, are thereby increasing the revenues of the officers and saddling additional expense upon the county. These complaints have been so numerous that the County Supervisors have taken the matter in hand and ordered a suitable card prepared by the District Attorney to be given to each member of the above class of prisoners upon his discharge.

The card is for the identification of the man, and must state for what offense he was committed and date of discharge. No constable shall arrest such a discharged prisoner for the same offense within ten days from the date of his discharge. The card will give the "vagrants" a chance to get out of the county if they wish to do so.

A COWARDLY ASSAULT.

On Wednesday night Jesse Cadd and A. Stewart engaged in a quarrel, followed by a fight, which is likely to result fatally. The facts in the case, as near as can be ascertained, are as follows: Cadd, a colored man, was in the Elmhurst eating-house and given an order, when Stewart entered, and within a few minutes, stepped up to Cadd and asked for some money, speaking in a manner which would indicate that Cadd owed him some. Harsh language followed, and Stewart struck Cadd in the face, drawing blood.

Stewart was expelled from the room and after a short time, after this Cadd looked out of the saloon door and saw Stewart standing about four doors down the street.

A misunderstanding corrected—That Unpaid Chemical Bill.

Wallace W. Greedy made a statement published in Wednesday's work having been prevented from attending the High school by the personal feeling of his class, called at the branch office of THE TIMES in Santa Barbara yesterday, accompanied by Mr. Porteous, to apologize for the misunderstanding.

A trivial error in figures made THE TIMES say, a few days since, that the unpaid balance on the bill of the High school would amount to about \$200, whereas it will be about \$112.

The action of the board in declining to sanction the payment of this balance would seem to be the legal burden upon the professor of chemistry, but as there has never been any question but that the amount was honestly expended, and for chemical work, the board of the pupils of the chemical class, and the professor acted under a misapprehension in making this order, it is to be hoped that the board would seem to the city, and closer economy, if need be, be exercised in future purchases. The study this term is analytical chemistry, and is optional, so that the seventeen pupils now in the class would seem to be of interest in the study. It is estimated that the cost of the chemicals per pupil will be \$5 this term, an expense which will be borne by members of the class.

## A Rather Unusual Case on Trial in the Superior Court.

A Father Seeking to Recover Land Which He Presented to His Daughter—Meeting of Horticultural Commissioners.

SANTA ANA.

There was a case in the Superior Court yesterday of rather unusual interest. It was a case entitled Jacob Swain vs. Emma Beville, and was an action to recover possession of a certain fifty acres of land near West Anaheim. Miss Beville, who is the daughter of Mr. Swain, and the property referred to was decided to her on January 24, 1890.

Since that time Mr. Swain has concluded that an undue influence must have been brought to bear on him, or he would not have deeded the property to his daughter as he did. Miss Beville refuses to deliver up the deed to the property, hence the father has brought suit to compel the daughter to deliver up the deed, that important document. Considerable interest is manifested in the result of the case.

FAVOR FUMIGATION.

The Orange County Horticultural Commissioners met Wednesday and discussed the merits of fumigation and the use of spray on fruit trees after considerable discussion the following resolutions were adopted:

Resolved, that for the eradication of the red or black scale, and other insects, the use of fumigation in preference to any other method.

Resolved, that all railroad agents, expressmen and postmasters be asked to cooperate with the commissioners in the effort to keep noxious insects and diseased trees out of the county by either sending the insects or diseased trees to the arrival of any trees, shrubs or plants at their respective offices or requesting the parties receiving the same to do so.

### THE RAWSONS.

A Family Scandal Aired in the Police Court.

The Story of Wednesday's Street Fight as Related by the Participants and Eye-witnesses—The Defendant Discharged.

The main feature in the City Justice Court yesterday was the case of the People vs. Rawson. It being the result of the street fight between two women which took place in front of the post-office on Wednesday, an account of which was published yesterday morning.

Mrs. Adelia Phillips Rawson, the defendant in the case, was promptly on hand at 8 p.m., as was also the prosecuting witness, Mrs. Lucy A. Rawson. The evidence was practically the same as that given in yesterday's publication of the story in THE TIMES, except that the sole purpose of the prosecution was to fix the blame of the affair on the other party. Charles Carter, also called Edwin, was the first witness, and was followed by Mrs. Lucy Rawson and Mrs. Sarah Morris, her sister-in-law. Their testimony, which was of an incoherent nature throughout, was to the effect that Mrs. Lucy, who is an old woman and the mother of Rawson's four children, had left her carriage at the corner of Main and Winston streets and started to walk down the latter street to the home of a lady friend. Just as she reached the corner she was met by Mrs. Adelia, second and present wife of Rawson, who exclaimed in a wild tone, "I'll kill you, how dare you cross my path!"

The other side told the same story as at first, and the testimony of W. H. Clarke and Henry Harrington, two eye-witnesses of the affair was corroborative. Mrs. Adelia was walking to the post-office, when Mrs. Lucy drove past and stopped at the corner. As the younger woman reached that portion of the sidewalk opposite the other's carriage, the latter leaped from the vehicle and with uplifted parasol rushed upon her, exclaiming: "You are the woman who robbed me of my husband—do you!"

and she was slain. The squabble that ensued was quickly stopped by Messrs. Clarke and Harrington, the former being the younger and more gallant of the two, for he escorted Mrs. Rawson No. 2 to the postoffice and later to her hotel. Mr. Harrington, who is a very pleasant old gentleman from Wyoming who is here for his health, was not to be outdone, however, and succeeded that evening in accompanying Mrs. Adelia to the Newsboys' Home, where she was to sing for the entertainment of the little fellows who were to sell the papers containing an account of her adventure the next morning.

It was shown that all the loud talking had been done by Mrs. Lucy, and when at length all the testimony was in the case was submitted without argument, and quickly decided by Justice Seaman, who discharged the defendant.

The only real incident of the examination was when Mrs. Adelia was upon the witness stand. It had been charged that she was in the habit of carrying a revolver, and she was questioned regarding this fact. "Yes," she said; "I was at one time Mrs. Phillips, and having had considerable trouble with my former husband, and he having on several occasions assaulted me on the street, I was advised by my attorney to arm myself, which I did."

W. H. Daniell and J. W. Barge were yesterday found guilty of a misdemeanor in cutting the tops from some shade trees in front of the Niles property on Washington street. Barge and Daniell, with two other men, were employed by the electric-light company, and stretching their wires found the trees to be in their way. They accordingly lopped off some branches, mutilating the trees, and causing their own arrest as stated. They were defended by the company's attorneys, who made a strong fight, claiming that as the men were in the employ of a corporation and simply obeying orders the corporation should have been made the defendant in the case. Justice Seaman, however, denied their motion to dismiss the case on these grounds, and after finding the two defendants mentioned guilty, ordered them to appear for sentence to-day. It is expected that the case will be taken to the Superior Court on an appeal.

Tonight the British Parliament, which assembled yesterday, will settle down to the business of the session.

It is expected that the "Grand Old Man" Gladstone, who was 83 years old on December 20th last, will introduce his long expected measure giving home rule to Ireland. Public expectation is on the qui vive, and although some of the Cabinet oppose the measure, Gladstone's personality suffices to carry everything before him.

We carry everything before us with our stationery—as fine as any in this city. All the world knows we carry the finest letter and note paper to be had, and ask for patronage in this line.

The increase in our trade in this line assures us we have what you want. The number of orders we receive for engraving of visiting cards and invitations has surprised us. We give satisfaction and turn out only first-class work. Try us and you will be satisfied.

Send for sample book of our fine papers and styles of engraving, mailed free.
